- Health awareness workshop: Wellness days were hosted with the communities of Bucclueah and Hillbrow. On the 28 August 2018 at Bucclueah Spar shopping complex 30 September in Hillbrow and a cervical and breast cancer awareness in Pretoria on the 7th of November 2018. These Health Awareness days included HIV/AIDs screening and checking of vital signs. Many people were educated about their danger of not checking their vital signs regularly especially sugar diabetic and hypertension. In total four hundred people were reached. Sixty women were reached and received education on breast and cervical cancer and how to seek help. Women had an opportunity to talk to doctors and women scheduled appointments with Fola clinic for their Pap smear checks. This is an opportunity for asylum seekers and refugees to have contact for several health service providers in their areas.

### External organisational projects, meetings or activities

- Workshops with the Gauteng Department of Education (GDE) region: Workshops were hosted on the 18 and 25 August 2018. Workshops were aimed at raising awareness on legal documents asylum seeker and refugee children have and also challenges their parents have in accessing these documents from the Department of Home Affairs. The workshop was attended by 30 special school principals and 80 primary school principals and their deputies. We agreed with the GDE that they should enroll all migrant children and if they encounter problems they should contact JRS and other NGOs working with migrants. Since the meeting the communication with the GDE has improved and we are able to follow up on cases we come across. It is worth noting that principals are threatened with a fine if they enroll undocumented children. In 2019 in collaboration with the GDE, JRS is going to continue training with the secondary school principals and their deputies. Additionally JRS will do a follow ups with principals if anything has improved in dealing with migrant learners.
